

ZEKI TAZEGUL

IT PROFESSIONAL

IT Support & Networking | Desktop Support Engineer | End-User Support

zekitazegul@gmail.com | 06 44955335

Poortugaal – Rotterdam

PROFILE

Motivated and service-oriented IT Professional with hands-on experience in desktop support, end-user support, hardware and software troubleshooting, device preparation, computer maintenance and basic network support.

Experienced in supporting Windows 10/11 environments, installing and configuring computers and IT devices, performing Windows updates, software installations, hardware upgrades and repairs, and resolving day-to-day technical issues for non-technical users.

Practical experience supporting ICT within school environments, including managing a computer laboratory with 20 PCs and supporting the school network. Comfortable diagnosing hardware, software and connectivity problems, preparing devices for users and providing clear, practical technical assistance.

Additional experience in an Enterprise Application Project as a Software Tester / QA Engineer, providing strong analytical and troubleshooting skills, experience with technical documentation, Jira, Git, APIs, databases and structured problem solving.

Currently developing knowledge of Microsoft Intune and Microsoft 365 / Microsoft 365 E5, with a strong interest in endpoint management, modern workplace technologies, networking and professional IT support.

HARDWARE & DEVICE MANAGEMENT

PC & Laptop Support | Laptop Repair | Hardware Diagnostics | Component Replacement | Hardware Upgrades | Device Preparation | Device Deployment | Computer Maintenance | Device Testing | Reuse Preparation

NETWORKING

Basic Network Administration | LAN | Computer Networks | Network Troubleshooting | Connectivity Troubleshooting | Network Devices | School Network Management | Internet Connectivity | IT Infrastructure Support

IT SUPPORT & SERVICE MANAGEMENT

Technical Documentation | Incident Troubleshooting | Root-Cause Analysis | Problem Solving | User Communication | Jira | Agile | Scrum | Structured Troubleshooting

TECHNICAL SKILLS

Python | Java | TypeScript | JavaScript | SQL / MySQL | HTML | CSS | REST APIs | OpenAPI | Git | GitHub | GitHub Actions | Playwright | Postman | k6

PROFESSIONAL EXPERIENCE

ICT ADMINISTRATOR

Wereldwijds Basisschool – Rotterdam | April 2024 – Present

- Provide daily IT and end-user support to staff and users within a primary school environment.
- Diagnose and resolve hardware, software and connectivity problems.
- Install, configure, maintain and deploy computers and other IT devices.
- Prepare computers and devices for users and ensure they are fully functional and ready for use.
- Perform Windows updates, software installations, system configuration, repairs and hardware upgrades.
- Troubleshoot recurring technical problems and identify practical solutions.

- Support non-technical users with computers, software and everyday IT-related issues.
- Provide clear and practical technical explanations to users with different levels of IT knowledge.
- Investigate technical problems systematically to identify their root causes.
- Maintain the reliability and usability of IT equipment within the school environment.
- Support users with connectivity and basic network-related issues.

SOFTWARE TESTER / QA ENGINEER

Motopp – Amsterdam | 2026

Completed an IT traineeship with practical experience as a Software Tester / QA Engineer within a real-world Enterprise Application Project (EAP).

- Worked within a professional software development and Agile/Scrum environment.
- Analyzed User Stories and requirements and translated them into structured test scenarios and test cases.
- Investigated application failures and unexpected system behavior using systematic troubleshooting and problem-solving techniques.
- Performed REST API testing using Postman, OpenAPI and API specifications.
- Worked with SQL / MySQL databases as part of application testing and technical investigation.
- Used Git, GitHub and GitHub Actions for version control and automated workflows.
- Developed and executed automated UI and API tests using Playwright and TypeScript.
- Performed functional, regression, integration and end-to-end testing.
- Investigated defects, performed root-cause analysis and documented findings in Jira.
- Collaborated with developers to investigate technical problems and verify fixes.
- Used k6 for load, stress and soak testing and analyzed performance results.

- Used ChatGPT and Claude Code to support technical investigation, troubleshooting, test development and problem solving while maintaining independent validation and critical thinking.

ADDITIONAL TECHNICAL EXPERIENCE

HARDWARE & SOFTWARE SUPPORT

Motopp – Amsterdam | 2026

- Repaired and investigated defective laptops and computer hardware.
- Performed hardware component checks, upgrades and replacements.
- Tested repaired devices to verify functionality.
- Prepared devices for reuse after successful repair and testing.
- Applied systematic troubleshooting methods to identify hardware and software problems.
- Investigated technical issues independently and determined practical solutions.
- Supported the preparation and testing of computers before returning them to use.

VOLUNTEER PYTHON INSTRUCTOR

AZC Echt | April 2023

- Introduced learners to fundamental Python programming through practical exercises.
- Explained technical concepts clearly to users with different levels of technical knowledge.
- Provided individual support when learners encountered technical or programming problems.
- Adapted explanations and support to individual user needs.

ICT TEACHER

Huda Integrated School – Nairobi | January 2016 – January 2022

- Taught digital skills, basic IT concepts and computer literacy.
- Established and managed a computer laboratory with 20 PCs.
- Managed and supported the school network.

- Installed and maintained computers and software within the school environment.
- Supported staff and students with computer, software and connectivity problems.
- Provided practical technical assistance to users with different levels of IT knowledge.
- Assisted with maintaining a reliable and functional digital learning environment.
- Combined technical responsibilities with daily user support and problem solving.
