

ZEKI TAZEGUL

IT PROFESSIONAL

QA Engineer | Software Tester | Test Automation | API & UI Testing

zekitazegul@gmail.com | 06 44955335 | Poortugaal – Rotterdam

PROFILE

Motivated and detail-oriented QA Engineer / Software Tester with hands-on experience gained through an IT traineeship and a real-world Enterprise Application Project (EAP) in a professional software development environment.

Experienced throughout the Software Development Life Cycle (SDLC), working with User Stories, OpenAPI Contracts, Jira, test planning, test execution, defect reporting and developer collaboration in an Agile/Scrum environment.

Hands-on experience in UI and API test automation using Playwright with TypeScript, API testing with Postman, and performance testing with k6. Experienced in functional, regression, integration, end-to-end and security-oriented testing, including authentication, authorization, RBAC, IDOR, XSS, SQL injection and rate-limit/abuse-protection scenarios.

Integrate AI tools such as ChatGPT and Claude Code into QA and test automation workflows to accelerate test development, explore test scenarios, analyze failures and support troubleshooting, while maintaining independent QA validation and critical thinking.

PERSONAL COMPETENCIES

Service-oriented | Customer-focused | Solution-oriented | Independent | Team-oriented | Accurate | Adaptable | Eager to learn | Strong communication | Professional and calm

CORE QA SKILLS

QA & TESTING

Playwright | TypeScript | UI Testing | API Testing | Functional | Regression | Integration | E2E | Test Automation | Test Case Design

API & SECURITY

Postman | REST APIs | OpenAPI | Swagger | API Contracts | Authentication | Authorization | RBAC | IDOR | XSS | SQL Injection | Rate Limiting | Abuse Protection

PERFORMANCE & CI/CD

k6 | Load Testing | Stress Testing | Soak Testing | Performance Analysis | Git | GitHub | GitHub Actions | CI/CD | Automated Test Execution

AGILE & QA PROCESS

SDLC | Agile | Scrum | Jira | User Stories | Requirements Analysis | Test Strategy | Test Plans | Test Reports | Bug Reporting | Retesting | Root-Cause Analysis

PROGRAMMING & IT

TypeScript | JavaScript | Python | Java | SQL / MySQL | HTML | CSS | Windows 10/11 | Microsoft 365 | Hardware & Software Troubleshooting

PROFESSIONAL EXPERIENCE

SOFTWARE TESTER / QA ENGINEER

Motopp – Amsterdam | 2026

Completed an IT traineeship with hands-on Software Tester / QA Engineer experience in a real-world Enterprise Application Project (EAP), working within a professional software development and Agile/Scrum environment.

- Worked as a QA Engineer / Software Tester throughout the SDLC within an enterprise application project.
- Analyzed User Stories and requirements and translated them into test scenarios and test cases.
- Used Jira to manage QA activities, create QA subtasks, track progress and report defects.
- Used OpenAPI Contracts and API specifications to derive and execute API test scenarios.
- Developed and executed automated UI and API tests using Playwright with TypeScript.
- Performed REST API testing with Postman, validating requests, responses, status codes, authentication and authorization.
- Performed functional, regression, integration and end-to-end testing using positive and negative scenarios.
- Analyzed failed tests and unexpected application behavior, investigated defects and performed root-cause analysis.

- Created detailed Bug Reports in Jira, collaborated with developers and retested fixes to verify resolution.
- Performed security-oriented testing including authentication, authorization, RBAC, IDOR, SQL Injection, XSS, rate limiting and abuse protection.
- Developed and executed k6 load, stress and soak tests and analyzed performance results.
- Used Git, GitHub and GitHub Actions for version control, CI/CD and automated test execution.
- Integrated ChatGPT and Claude Code into QA workflows to accelerate test development, explore additional scenarios, support test automation, analyze failures and troubleshoot unexpected behavior.
- Combined AI-assisted development with independent QA validation and critical thinking.

QA WORKFLOW

User Story → Requirements Analysis → OpenAPI Contract → Jira Subtasks → Test Case Design → UI/API Testing → Bug Reporting → Developer Collaboration → Fix Verification → Retesting

ADDITIONAL TECHNICAL EXPERIENCE

Motopp – Amsterdam | 2026

Hardware & Software Support

- Repaired and investigated defective laptops and computer hardware, including component checks, upgrades and replacements.
- Tested repaired devices to verify functionality and prepared them for reuse.
- Applied systematic troubleshooting to identify and resolve technical problems.

ICT ADMINISTRATOR

Wereldwijds Basisschool – Rotterdam | April 2024 – Present

- Provide daily IT and end-user support and troubleshoot hardware and software issues.
- Install, configure, maintain and deploy computers and IT devices.
- Perform Windows updates, software installation, repairs and hardware upgrades.

- Diagnose recurring technical problems, provide practical solutions and support non-technical users.

VOLUNTEER PYTHON INSTRUCTOR

AZC Echt | April 2023

- Introduced learners to fundamental Python programming through practical exercises.
- Explained technical concepts clearly and provided individual problem-solving support.

ICT TEACHER

Huda Integrated School – Nairobi | January 2016 – January 2022

- Taught digital skills, basic IT concepts and computer literacy.
- Established a computer laboratory with 20 PCs and managed the school network.
- Supported users with computers, software and digital learning environments.

EDUCATION

MASTER OF ARTS – EDUCATION, INNOVATION IN LEARNING AND TEACHING

University of South Wales – Cardiff, UK | 2018–2021

ASSOCIATE DEGREE – COMPUTER SCIENCE

University of the People – California, USA | 2021–2022

BACHELOR'S DEGREE – PRIMARY SCHOOL EDUCATION (PABO)

Çanakkale Onsekiz Mart University – Turkey | 1992–1996

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

Motopp – IT Traineeship | Software Testing & QA | Amsterdam | 2026

Udemy: Playwright | Postman | Git & GitHub | Jira | Agile & Scrum

Coursera: Google IT Support Professional Certificate

Ongoing: Microsoft Intune | Microsoft 365 / Microsoft 365 E5

LANGUAGES

Turkish — Native | English — Fluent | Russian — Fluent | Dutch — B1+

HOBBIES

- Chess
- Badminton
- Nature walks and outdoor activities
- Carpentry and woodworking
- Following new technologies and IT trends
- Lifelong learning and continuous self-development
